Tree Tip of the Month: Recycle Your Paper!

As we all know, the more paper we waste, the more trees we cut down. Here are some ideas for conserving and recycling your paper so that we can protect our forests and protect the trees that make our lives cleaner and healthier:

- Cancel unnecessary magazine and newsletter subscriptions, or subscribe online
- Be creative - junk mail, receipts, or any kind of paper can be used as note paper
- Place a recycling bin in the office for unwanted papers
- Copy, print, and write on both sides of your paper
- Use recyclable tote bags when shopping, or refuse a bag in the check-out line

The list is endless, so do your part in protecting your trees and reuse and recycle!

Greetings!

The rain is gone and the summer heat is back, and despite how thankful the trees were for the rain, we are welcoming the sunshine! We also have a lot of great projects and events coming up where you can participate.

Get Ready to See Jack Johnson!

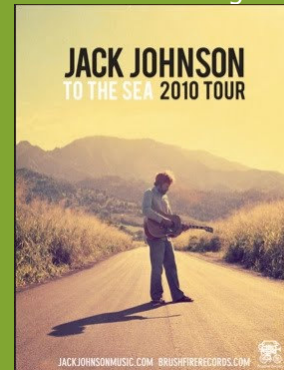

We are less than a month away from an exciting day for the Texas Trees Foundation, as we have the opportunity to showcase the Foundation and our mission in Village Green, a gathering of local environmental nonprofits, before the start of the concert.

You that you still have time to donate for a chance to win a free pair of concert tickets! We will be entering donations of \$10 or more into the drawing through August 10th, and will name the winners on August 11th. 5 pairs are up for grabs, and one could have your name on it!
